EDUCATION

Bachelor of Computer Application (BCA)

Meena Shah Institute of Technology and Management

Gonda, UP, India

Affiliated to: Dr. Rammanohar Lohia Avadh University, Ayodhya

2024-2027

Class 12th

Govt. Inter College Gainsari Balrampur

2024

Class 10th

T P City Montessori Inter College Tulsipur Balrampur
2021

SKILLS

Technical Skills: Python, Numpy, Pandas, Matplotlib, Seaborn, Django, SQL, Machine Learning Algorithms, Artificial Intelligence, DSA

Tools: VS Code Editor, Power BI, MySQL Workbench, Git, GitHub

CERTIFICATIONS

- Getting Started with Artificial Intelligence by IBM SkillBuild
- Troubleshoot Your Code using IBM Bob by IBM SkillBuild
- AI/ML for Geodata Analytics by IISR Dehradun

PROJECTS

The Traveler

- Built a smart travel web application that fetches nearby tourist spots based on the user's real-time geolocation.
- Programmed a route optimization feature that connects multiple destinations on a map using the shortest path algorithm to enhance the travel experience.
- Technologies: Python, Django, HTML, CSS, JS, Dijkstra's / Traveling Salesperson Problem logic, Google Maps, Google Search Engine, MySQL

Real Estate Price Prediction Model

- Developed a machine learning model to predict residential property and land prices based on geographical locations and key features.
- Technologies: Python, Django, HTML, CSS, JS, Machine Learning Algorithms, MySQL
